WORK EXPERIENCE

Senior Lead Frontend Engineer | AVP · EFG Holding

Sep 2022 — Jun 2026

Promoted from Frontend Development Lead · Team of 6 engineers

- **Architected an Nx monorepo from scratch** hosting 4 Next.js 14 applications (Corporate, Blog, Career Portal, KSA), serving **250K+ monthly visitors** across **efgholding.com** and regional domains
- Selected the full stack — **Next.js 14, React 18, TypeScript, Tailwind, GraphQL** — and defined shared libraries, path aliases, and coding standards across all apps
- Achieved best-in-class Core Web Vitals: **LCP 0.67s, CLS 0.00, INP 8ms** — exceeding Google's "Good" thresholds by 3-40x
- Designed CI/CD pipelines on **Azure DevOps + Helm charts**, deploying to **OpenShift** with automated Cypress E2E coverage
- Led **code reviews, hiring, mentoring, and sprint planning** for a team of 6 frontend engineers
- Authored a comprehensive engineering wiki (8 pages) covering onboarding, infrastructure, and per-app documentation, cutting new-hire ramp-up time
